- (1) Amphibious allows underwater movement at full basic Move, and no skill penalties underwater
- (2) Can hold breath for HTx20 seconds with no exertion, HTx8 seconds with mild exertion, or HTx2 seconds with heavy exertion
- (3) Extra Arms provides +4 on attempts to grapple or break free from grapples
- (4) Yes, Friday costs 66 points to build. I'm giving out the extra 16 points because his skills are not bought very efficiently.
